

Introduction

Ashford University (“University”) is providing the following information to all current and prospective students (whether for campus and/or online) and employees as part of the University’s commitment to safety and security pursuant to the requirements of the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”) and the Violence Against Women Reauthorization Act of 2013 (“VAWA”) which added “SaVE Act” provisions. VAWA amended the Clery Act requirements to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports. While the Department of Education has not yet issued final regulations for institutions to use, they have published a Dear Colleague Letter (“DCL”) in July 2014 specifying that “until final regulations are published and effective, institutions must make a good-faith effort to comply with the statutory provisions as written.”

This report is prepared in cooperation with the local Clinton Police Department surrounding our main campus and off campus housing location, the campus Public Safety Office, the department of Residential Life and Housing, and the Student Affairs Office.

Campus crime, arrest, and referral statistics include those reported to the Campus Public Safety Office, designated campus officials (including but not limited to the Dean of Campus Student Affairs and Support Services, the Associate Director of Campus Student Affairs, the Campus Registrar, the Campus Director of Security & Safety, other directors, deans, department heads, designated residential life staff, faculty advisors, and athletic coaches) and local law enforcement agencies. This report is compiled annually under the direction of the Director of Safety & Security (Campus Public Safety Office), which is responsible for checking the accuracy of reports and reconciling statistics to assure proper categorization and to avoid double counting. If you should have questions about any of the information provided in this Report, please contact the Director of Campus Security & Safety, Michael LeBlanc, at 563.242.4023, ext. 7960.

Campus Security and Crime Prevention Policy

Notification of the Campus Security and Fire Safety Report

The Ashford University Campus Security and Fire Safety Report is distributed to every student (whether they attend campus and/or online) and employee on an annual basis by e-mail notification of its availability on the University website and is available to prospective employees and students by viewing the University website at:

http://www.ashford.edu/campus_security_and_fire_safety_report. Hard copies may be requested by emailing michael.leblanc@ashford.edu and a copy will be mailed to you.

Reporting Crimes and Emergencies

It is important for students, as well as other members of the campus community, to take responsibility for their own safety and well-being. The University strongly encourages students to take steps to ensure the safety and security of their belongings, themselves, and others.

The Campus Public Safety Office keeps a daily crime log that reports any criminal incident or alleged criminal incident that occur on the campus, on public property within or immediately adjacent to and is accessible from the campus, and is reported to the Campus Public Safety Office. This log extends beyond Clery Act crimes. This information is available for public inspection, upon request, during normal business hours. Information in the crime log includes the following: the nature of the crime, the date and time the crime occurred, a general location of the crime, the case number, and any known disposition of the complaint. Any portion of the log older than 60 days will be made available within two business days of a request for public inspection. The University reserves the right to maintain the privacy of both the victim and the accused in any of these situations except as may be required by law.

Procedures for Reporting Criminal Actions or Emergencies

The University encourages individuals to report any crime accurately and promptly to local police and to the Campus Public Safety Office when the victim of such crime elects or is unable to make such a report. For immediate assistance, please contact Campus Public Safety. Students may also contact the Clinton Police Department if they are the victim of a crime, if they witness a crime, or if they have information that would aid in solving a crime. Additional persons to whom a student or employee may report a crime or emergency include the Dean of Campus Student Affairs and Support Services, the Associate Director of Campus Student Affairs, the Campus Registrar, the Campus Director of Security & Safety, or any other directors, deans, department heads, – designated residential life staff, faculty advisors, and athletic coaches.

Alternatively, the Clinton County Sheriff's Office maintains Crime Stoppers that may be contacted at 563.242.6595 or toll free at 888.883.8015. The Clinton Police Department maintains a "Text-A-Tip" anonymous hotline. Individuals can "Text-A-Tip" text to "CLPD" plus your message to 274637 (CRIMES) anonymously.

Ashford University does not employ professional counselors or pastoral (faith-based) counselors for students or faculty/staff utilization, nor does it have a policy that encourages pastoral counselors and professional counselors to inform the persons they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

All campus incident reports are forwarded to the Dean of Campus Student Affairs and Support Services Office for review and potential action by the Office of Student Affairs if there is a breach of Student Community Standards and violations of law will be referred to law enforcement agencies. When a potentially dangerous threat to the University community arises, timely reports or warnings will be issued as set forth in the section entitled *Timely Reports of Specific Crimes or Offenses* below.

Timely Reports of Specific Crimes or Offenses

When a known crime is considered to have a serious or continuing threat to University students or employees, the Campus Public Safety Office in conjunction with the Student Affairs Office will notify the campus community in a timely manner, withholding the names of victims as confidential, through one or more of the following methods, depending upon the nature of the incident:

- Immediate notification of student body, faculty and staff;
- Resident students may be notified via building meetings, flyers, etc.
- Entire student body and faculty and staff may be notified via flyer, posted information, email, or use of the SendWordNow Emergency Notification system, etc.
- If necessary, notification to the larger community via written press release or telephone call.

The University will, without delay, and taking into account the safety of the community,

determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate an emergency.

Campus Public Safety Office

The University maintains a security team which is supervised by a Director of Campus Security & Safety. Additional persons to whom a student or employee may report a crime or emergency include the Dean of Campus Student Affairs and Support Services, Associate Director of Campus Student Affairs, and the Campus Registrar, in addition to the local police.

The University also contracts with a professional security firm to provide additional security services. The Campus Public Safety officers have the authority to ask persons for identification and to determine whether individuals have lawful business at the University. In addition, they have the authority to issue parking tickets for parking citations on University property. Campus Public Safety officers have no formal arrest authority. City, county, or state law enforcement officers make all arrests if needed. The Campus Public Safety Office works closely with the Clinton Police Department, Clinton County Sheriff's Office, and the Iowa Highway Patrol, and refer all criminal incidents to local authorities who have jurisdiction on the campus. Meetings are held between the Director of Campus Security & Safety and local authorities on a formal and informal basis to discuss issues of campus security and safety. There is no written memorandum of understanding between the Clinton Police Department and the Campus Public Safety Office of Ashford University.

Students and staff may contact the appropriate authorities directly, or Campus Public Safety officers will make contact on behalf of the University or individuals involved if the officers consider it necessary or if requested. The University takes any reported criminal action seriously and responds to it accordingly; subsequently, the University relies on law enforcement authorities to assist during criminal investigations and appropriate emergencies.

Security of and Access to Campus Facilities

During business hours, the University (excluding certain housing facilities) is not restricted. During non-business hours, access to all University facilities is by access card or key, if issued, or by admittance via Campus Public Safety or Residence Life staff. Visitors to the campus are subject to school policies. Their student and employee hosts share responsibility for the lawful and appropriate behavior of visitors. All criminal incidents involving, or observed by, campus visitors should be reported immediately to the Campus Public Safety Office.

Some facilities may have individual hours, which may vary at different times of the year. Examples are Kehl Arena, St. Frances Gym, the Library, and the Student Center. Emergencies may necessitate changes or alterations to any posted schedules.

Public Safety officers conduct rounds of all campus buildings 24 hours a day, seven

days a week. Campus Public Safety officers have access to all areas of campus including the residence halls. During the academic year, the Dean of Campus Student Affairs and Support Service, the Associate Director of Campus Student Affairs, the Director of Campus Security & Safety, and the Campus Facilities Manager meet periodically to discuss any issues of pressing concern related to facilities security and maintenance. Campus Public Safety officers also monitor the off-campus properties of the South Campus Athletic Field, Tennis Courts and BW Residence Hall facilities.

Ashford University does not maintain any officially recognized student organizations that have sanctioned off-campus living or meeting facilities.

Campus Awareness of Security Services

Ashford University takes crime prevention seriously and informs students and staff throughout the year regarding various programs and opportunities to learn about campus security procedures and practices. The annual New Student Orientation held in June /July includes presentations on such topics as personal safety, sexual assault prevention, home security, domestic violence, workplace violence, and hate crimes, and are offered by a variety of experts in these areas. Faculty, staff, and continuing (including non-residential) students are strongly encouraged to attend these programs. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others. Also, all employees are provided with an emergency wallet card that offers emergency procedure information as well as emergency contact numbers.

Crime prevention information is posted on campus bulletin boards, in the Campus Safety Tips Brochure, and at presentations throughout the year. Crime prevention is a covered during the fall and spring faculty retreat and, during semi-annual emergency management drills for faculty and staff. Further, regular safety updates are sent to faculty, staff and students from the Director of Campus Security & Safety. Documentation of educational programming and safety updates are maintained by the Director of Campus Security & Safety and Ashford University's Students Affairs Office.

Alcohol and Drug Policies

In compliance with the Drug-Free Schools and Communities Act, Ashford University has implemented a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The Program requires the University to distribute information annually to students and employees concerning the possession, use, or distribution of alcohol and illicit drugs at the University. This information includes the University's standards of conduct relating to the unlawful possession, use, or distribution of illicit drugs and alcohol, health risks associated with the use of illicit drugs and alcohol abuse, resources for obtaining assistance with drug and alcohol abuse, and a summary of legal sanctions for violations of law under Clinton, the State of Iowa and federal law, as well as University disciplinary actions relating to the unlawful possession, use, or distribution of illicit drugs and alcohol. This information is presented below and is available at http://www.ashford.edu/static/media/Drug_and_alcohol_report_-_AU.pdf.

The Drug-Free Schools and Communities Act Program is intended to supplement and not limit the provisions of the University's Drug-Free Workplace policy applicable to University employees.

It is the University's intent to provide a drug-free, healthful, safe, and secure academic environment.

The following policies and guidelines have been established to uphold the University's obligation to its students, faculty, and surrounding community:

University Student Alcohol Use Policies

The University neither condones nor sanctions the use of alcohol. All individuals are expected to observe the alcoholic beverage laws of the State of Iowa. The University strictly prohibits the unauthorized use, consumption, possession, and distribution of alcohol by any student, regardless of legal drinking age, within the residence halls, on campus grounds, or at University-sponsored activities. See the University Sanctions section below for disciplinary procedures for any student who violates this policy.

For certain University events or functions, alcohol may be served only to those persons of legal drinking age, who if so requested by the event sponsor, are able to verify their age with a state issued identification, passport, or similar document. Written permission from the Campus Director or University President to serve alcohol, and any legally required alcohol permits must be obtained prior to the function.

University Student Drug Use Policies

The unlawful possession, use, sale, or distribution of illegal drugs or controlled substances is prohibited within the residence halls, on campus grounds, or at University-sponsored events. Drug paraphernalia is strictly prohibited within the residence halls, on campus grounds, or at University-sponsored activities. See the University Sanctions section below for disciplinary procedures for any student who violates this policy.

Alcohol and Drug Prevention Programs

The University provides services related to drug and alcohol use and abuse for students. In addition, employees are provided services through our Employee Assistance Program. The University disseminates informational materials, education programs and referrals regarding the use of alcohol and/or a controlled substance. Students who violate University policies related to the use of drugs or alcohol will be subject to the disciplinary procedures as set forth in the Student Community Standards. Employees who violate the Drug Free Workplace policy will be disciplined, up to and including termination. Ashford University's Student Affairs Office provides an overall coordination of the Drug-Free Schools and Communities Act Program; however, some services are the responsibility of other University departments and staff. These include:

Alcohol and Drug Education: Student Activities, Residential Life, Employee Assistance Program

Counseling Referrals: Access and Wellness, Employee Assistance Program

University Disciplinary Actions: Residential Life Staff, Dean of Campus Student Affairs and Support Services

Employee Disciplinary Actions: Human Resources

State and Federal Laws Regarding Drugs and Alcohol

Both state and federal laws prohibit distribution of, manufacture of, or possession with intent to manufacture or distribute a controlled substance or a counterfeit controlled substance. In general, state penalties for conviction under these laws range from up to 2 years to 50 years confinement and a fine of \$625 to \$1,000,000, depending upon the type and quantity of drug involved. Specific drugs, amounts, and penalties are described in Iowa Code Chapter 124. For penalties relating to federal drug law violations, please see 21 U.S.C. Chapter 13, Subchapter I, Part D and. http://www.justice.gov/dea/druginfo/ftp_chart1.pdf

Iowa law relating to the consumption of alcohol is laid out in Iowa Code Chapter 123. Following is a partial summary of the statute:

- It is unlawful to be intoxicated (or simulate being intoxicated) in a public place (§ 123.46(2)).
- Persons under the legal age (21 years) are prohibited from purchasing or possessing alcoholic beverages (§ 123.47(2)).
- It is unlawful to sell, give, or otherwise supply alcoholic beverages to a minor (§ 123.47(1)).
- Those under the legal age may not present false evidence or misrepresent their age to a permittee or licensee for purposes of obtaining alcoholic beverages (§ 123.49(3)).
- No person may sell or give alcoholic beverages to an intoxicated person (§ 123.49(1)).

Anyone under the age of 21 who is caught driving with a blood alcohol level of 0.02 or more will lose his or her driver's license or permit for at least 60 days (§ 321J.2A). Temporary driving permits for school, work, or other reason, will not be issued during the suspension period. Realize that 0.02 is a very small amount—as little as one beer or drink.

University Sanctions Regarding Drugs and Alcohol

Ashford University seeks to uphold University drug- and alcohol-related policies and laws and will impose disciplinary sanctions against those students and/or employees who violate said policies and laws consistent with local, State or Federal law. Such sanctions could lead to a student being suspended or expelled from the University. Employees will be disciplined, up to and including termination. Students, faculty or employees who violate related laws may also be referred to law enforcement for prosecution. As part of the disciplinary process, the University may also request that the student complete a rehabilitation program. Employees may self-refer or have a University referral to the Employee Assistance Program for assistance in dealing with the use of alcohol or a controlled substance. A criminal conviction is not necessary to find that a student/employee has violated the University Student Community Standards or the provisions of the Employee Handbook, and the University need not, and ordinarily will not, defer its own actions and sanctions pending the outcome of any criminal proceeding. Students should refer to the Student Community Standards in the Academic Catalog. Employees should refer to the Employee Handbook.

Biennial Review

The University conducts biennial reviews of its Drug-Free Schools and Communities Act Program to: (a) determine the Programs effectiveness and implement changes to the Program if changes are needed; (b) determine the number of drug and alcohol-related violations and fatalities the—(i) occur on the University's campus, or as part of any of the University's activities; and (ii) are reported to campus officials; (c) determine the number and type of sanctions that are imposed by the University' as a result of drug- and alcohol-related violations and fatalities on the University's campus or as part of any of the University's activities; and (d) ensure that the sanctions are consistently enforced.

Sexual Misconduct Response Process

The Ashford University Sexual Misconduct Policy has been developed to proactively create a campus environment in which incidents of sexual misconduct can be promptly and effectively responded to without further victimization, retaliation, and with possible remediation of its effects. It serves as a guide to the expectations set forth, preventatively, for sexual communication, sexual responsibility and sexual respect and it serves as a determinate, after the fact, if a behavior trespassed on community values.

Ashford University believes in a zero tolerance policy for sexual misconduct and members of the Ashford University community have the right to be free from sexual misconduct. When an allegation of sexual misconduct is brought to the administration,

and a respondent is found to have violated this policy, sanctions will be used to ensure that such actions are not repeated. All members of the community are expected to conduct themselves in a manner that does not infringe upon the rights of others as outlined by our Student Community Standards. Title IX of the Education Amendments of 1972 (Title IX), 20 U.S.C. Sec. 1681, et seq., and its implementing regulations (34C.F.R. Part 106) prohibit discrimination on the basis of sex in education programs or activities operated by recipients of Federal financial assistance. Sexual harassment of students, which includes acts of sexual violence, is a form of sexual discrimination prohibited by Title IX. For student-related complaints governed by Title IX, see the Sexual Misconduct Policy in the Ashford University Academic Catalog.

Sexual Misconduct offenses include, but are not limited to:

Sexual Harassment unwelcome conduct of a sexual nature, such as unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature that has the effect of unreasonably interfering with an individual's academic or work performance, or creates an intimidating, hostile, or offensive environment. Sexual violence is a form of sexual harassment prohibited by Title IX/SaVE.

Sexual Assault means sexual abuse or any other sexual offense by which a victim has allegedly had sufficient contact with a convicted or an alleged offender to be deemed a significant exposure.

Sexual violence is defined as physical sexual acts engaged in without the consent of the other person or when the other person is unable to consent to the activity. Sexual violence includes sexual assault, rape, battery, and sexual coercion; domestic violence; dating violence; and stalking.

Consent is the express or apparent assent by a person authorized to provide such assent. Furthermore, the circumstances surrounding the commission of the act may be considered in determining whether or not the act was done by force or against the will of the other.

Incapacitation means a person is disabled or deprived of ability, as follows:

- a. "Mentally incapacitated" means that a person is temporarily incapable of apprising or controlling the person's own conduct due to the influence of a narcotic, anesthetic, or intoxicating substance.
- b. "Physically helpless" means that a person is unable to communicate an unwillingness to act because the person is unconscious, asleep, or is otherwise physically limited.
- c. "Physically incapacitated" means that a person has a bodily impairment or handicap that substantially limits the person's ability to resist or flee.

Sexual Exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for his or her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offenses.

Domestic Violence is an assault committed under any of the following circumstances:

- a. The assault is between family or household members who resided together at the time of the assault.
- b. The assault is between separated spouses or persons divorced from each other and not residing together at the time of the assault.
- c. The assault is between persons who are parents of the same minor child, regardless of whether they have been married or have lived together at any time.
- d. The assault is between persons who have been family or household members residing together within the past year and are not residing together at the time of the assault.

Dating Violence means violence committed by a person--(A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors:

- a. The length of the relationship.
- b. The type of relationship.
- c. The frequency of interaction between the persons involved in the relationship.

Stalking is when all of the following occur:

- a. The person purposefully engages in a course of conduct directed at a specific person that would cause a reasonable person to fear bodily injury to, or the death of, that specific person or a member of the specific person's immediate family.
- b. The person has knowledge or should have knowledge that the specific person will be placed in reasonable fear of bodily injury to, or the death of, that specific person or a member of the specific person's immediate family by the course of conduct.
- c. The person's course of conduct induces fear in the specific person of bodily injury to, or the death of, the specific person or a member of the specific person's immediate family.

If you are raped or sexually assaulted:

Go to a safe place. Think safety first. Preserve evidence. Do not bathe, shower, douche, change clothes or straighten up the crime scene. Contact someone who can help: the police, campus security, a friend, AU staff/faculty. Seek medical attention at a Hospital

Emergency Room:

- to assess and treat any physical injuries;
- to determine the risk of sexually transmitted infections or pregnancy and to take appropriate measures; and
- to collect evidence.

You have the following decisions and options:

- Report the incident to the Title IX/SaVE Coordinator or any responsible AU employee;
- Register a complaint (report) with the police, but not prosecute;
- Report the crime to the police with the intent of pursuing criminal prosecution;
- Decide not to report the crime to the police;
- File a civil suit for damages; or
- Report the incident anonymously.

This is a decision that only the victim of sexual misconduct or assault can make. However, the victim is encouraged to seek assistance and utilize the resources listed in this document.

Reporting sexual misconduct helps:

- protect yourself and others from future harm;
- apprehend the alleged assailant;
- maintain future options regarding prosecution; and
- bring disciplinary, criminal, and/or civil action against the perpetrator.

Officially Reporting Sexual Misconduct Concerns

You may report the concern to the Title IX/SaVE Coordinator or the Dean of Campus Student Affairs. You may also be directed to police in the jurisdiction where the misconduct occurred. Ashford University is committed to addressing and halting any instances of sexual misconduct. More specifically, administration, faculty, staff, and students will not condone actions or behaviors that a reasonable person would regard as sexual misconduct. In addition, Ashford University prohibits retaliation against any complainant who has brought forth a Title IX concern.

Confidential Campus Student Resources

If a student desires that details of the incident be kept confidential, he or she should speak with support resources maintained by the University. Campus students may contact WellConnect at (800) 326-6142 to speak with a counselor, or off-campus rape crisis resources, who will maintain confidentiality.

Ashford University will respond to reports in the following manner:

Upon receiving notice of a possible violation of the sexual misconduct policy, the University will take immediate and appropriate steps to:

- end the behavior;
- conduct a prompt, fair and impartial investigation;
- remedy the effects, and
- prevent it from reoccurring.

Specific interim actions that the University will take upon receiving a report include:

1. Ensuring the immediate safety and well-being of the student by providing the student the following information in writing:
 - The importance of preservation of any evidence;
 - Options regarding the assistance of local law enforcement, campus officials;
 - The option to decline assistance, or decline notifying local law enforcement;
 - Any interim protective measures that will be taken and their options for protective orders; and
 - Resources including counseling, health, and mental health services.
2. Informing the student of the reporting requirement to the Title IX/SaVe Coordinator and ensure that the student is aware of his/her rights (see Confidential Campus Student Resources) to report anonymously and to inform local authorities.
3. The Title IX/SaVE Coordinator will refer the report to the Office of Student Grievance Resolution (OSGR) and, if necessary, to Employee Relations for investigation.
4. Conducting a thorough, impartial investigation designed to provide a fair, prompt, and reliable determination about whether the University nondiscrimination policies have been violated.
5. Possibly adjusting the academic and/or living environments of any involved student to ensure the well-being of the involved students and the University community.
6. Strongly encouraging any member of the University community to report all incidents that threaten a student's well-being, safety or security.

Ashford University uses a preponderance of the evidence (whether a policy violation is more likely than not) standard to determine responsibility in resolving a complaint of sexual misconduct. Any accused found responsible for violating the policy on Sexual Misconduct may receive a sanction ranging from a verbal warning, probation, and suspension to expulsion/termination, depending on the severity of the incident, and taking into account any previous documented conduct issues. If the accused individual is an employee, sanctions will be determined by Human Resources in consultation with the Title IX/SaVE Coordinator.

In order to protect the victim, at any time during the investigation, the University may recommend interim protections or remedies. These protections include, but are not limited to, separating the parties, placing limitations on contact between the parties, or making alternative working, academic or student housing arrangements. Efforts will be made to minimize the burden on the victim. Failure to comply with these interim protections may be considered a separate violation of this Policy.

Please see Ashford University's Academic Catalog, Sexual Misconduct Policy for additional information on University Sexual Misconduct procedures.

Scope of the Problem on College Campuses

A majority of sexual assaults involve acquaintance rape which is preventable on college campuses. Studies indicate:

- 1 out of 6 women have been victims of rape or attempted rape in their lifetime. Girls ages 16-19 are 4 times more likely than the general population to be victims of rape, attempted rape, or sexual assault. In 2003, 1 in every 10 rape victims was male. 38% of rapists are a friend of acquaintance to the victim.
- 60% of rapes/sexual assaults are not reported to the police.
- Alcohol is the #1 drug used to facilitate a sexual assault. For rape, which takes place on campuses, alcohol is being used in 90% of cases.

Programs and Procedures Regarding Sexual Assault

Programs to promote the awareness of sexual assault, acquaintance rape, and other forcible and non-forcible sex offenses are sponsored at various times of the year on campus including the Residence Hall Orientation in August and September of each year. Guest speakers present discussions on sexual assault awareness, reducing the risk of being a sexual assault victim, and what to do if you are assaulted.

Students attending the mandatory Residence Hall Orientation also receive a copy of the *University Sexual Misconduct Response Brochure* which details the University policy regarding sexual misconduct, contains resource information for victims, and provides information on the University process for responding to reports of sexual misconduct. Procedures for Student Complaints Regarding Sexual Misconduct

Filing a Complaint

Sexual misconduct is a threat to the entire University community. Members from the University community are strongly encouraged to report all incidents that threaten a student's continued well-being, safety, or security. Complaints from any member of the University community relating to discrimination, misconduct, harassment, domestic violence, dating or other related violence, stalking or retaliation based on gender or sex concerning a faculty, staff, a student or students may be reported to the Dean of Campus Student Affairs and Support Services and or Associate Director of Campus Student Affairs, to University Public Safety personnel, Campus Security Authorities (CSA) and/or to the local police.

In cases where a student believes that a rape or other assault has occurred, the University strongly recommends that the crime be reported immediately so that information may be obtained and evidence preserved, as it may be necessary to prove criminal sexual assault. Confidential counseling referral information is available through the Student Affairs Office.

All student allegations of a violation of the Sexual Misconduct policy shall be referred to the Title IX Coordinator of Ashford University at titleix@ashford.edu. In addition, students, faculty, and staff at the Ashford University campus in Clinton, IA may refer complaints directly to the Campus Director of Admissions and Student Affairs, who will coordinate with the University Title IX coordinator to ensure the complaint is received by the Title IX Coordinator.

The Dean of Campus Student Affairs and Support Services will review all reported sexual misconduct offenses and will assist student victims in identifying both University judicial procedures and legal options.

The Conduct Administrator or designee, or, if necessary, Human Resources' staff, will simultaneously and in writing communicate the findings to the accused and the complainant. Additionally, where the accused is found not responsible for a violation, the Conduct Administrator or designee, or, if necessary, Human Resources' staff, will consult with the Title IX/SaVe Coordinator to consider the reversal of any remedial actions taken.

 - The accused and/or complainant alleges that a material deviation from written procedures impacted the fairness of the process in a way that could be outcome determinative;

◦The accused and/or complainant challenges the assertion that the evidence presented during the investigation process was sufficient to find them responsible by a preponderance of the evidence; or

◦The accused and/or complainant allege bias by the investigator, Title IX/SaVE Coordinator which deprived the process of impartiality in a way that was outcome determinative.

Special Procedural Provisions for Sexual Misconduct Investigations

- **Attempted Violations.** In most circumstances, Ashford University will treat attempts to commit any of the violations listed in the Student Community Standards as if those attempts had been completed.

University as Complainant

As necessary, Ashford University reserves the right to initiate a complaint, to serve as complainant, and to initiate conduct proceedings without a formal complaint by the victim of misconduct.

- **False Reporting.** Ashford University will not tolerate intentional false reporting of incidents. It is a violation of the Student Community Standards to make an intentionally false report of any policy violation, and it may also violate state criminal statutes and civil defamation laws.
- **Group Action.** When members of groups, individuals acting collusively, or members of an organization act in concert in violation of any policy, they may be held accountable as a group or individually, and a hearing may proceed against the group as jointly accused students or individually, at the discretion of the University.
- **Amnesty Policy.** Ashford University encourages the reporting of crimes by victims and/or witnesses. Sometimes, victims and/or witnesses are hesitant to report to University officials because they fear that by reporting an incident he/she may be accused of policy violations, such as underage drinking at the time of the incident. It is in the best interests of this community that as many victims and/or witnesses as possible choose to report to University officials. To encourage reporting, Ashford University pursues a policy of offering victims and/or witnesses of crimes immunity from policy violations related to the incident, as long as those policy violations are not directly related to the crime itself. For example, if a student reported a rape in which he or she was involved as a perpetrator, he or she would not be immune from policy violations.
- **No-Contact Order.** Students are entitled to seek a no-contact order that imposes reasonable restrictions on student contact during and after campus conduct proceedings.
- **Right to an Immediate Process.** Ashford University takes immediate and appropriate action to investigate sexual misconduct complaints.
- **List of Witnesses and Copies of Documentary Evidence.** University procedures may call for an exchange of information between the parties in advance of the hearing, including an exchange of the complaint and answer, witness lists, and other written statements that may be available.
- **Sexual History/Character.** All parties to a complaint have a right not to face questions or discussion of their sexual history or character unless the hearing chair or administrative hearing officer determines that such information is highly relevant to determining whether the policy has been violated.
- **Separate Testimony Options.** Any complainant can request to give his or her testimony via alternate means to being in the physical presence of the person he or she has accused. Telephony, screens, and closed-circuit broadcasts may be permitted, but not to the disadvantage of the accused student.
- **Notice of When Complaint Delivered to Accused Student.** Complainants are notified in advance regarding when notice of the complaint is delivered to the accused student, so as to protect Complainants from potential retaliation.
- **Right to Present Own Complaint or Use Proxy.** The alleged victim has the right to present his or her own complaint if he or she wants to, or to ask the University to stand as complainant in his or her place.

- **Right to Know Outcome and Sanctions.** Whether in writing or informed orally, the complainant and the accused have the right to know the outcome and sanctions of the hearing.
- **Right to be Informed of Appeal Status.** The parties will be informed by the Conduct Administrator or designee if any of the parties to the complaint requests an appeal.

Sanction Statement

- Any student found responsible for violating the policy on Sexual Misconduct may receive a sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous violations in Student Community Standards.
- In any complaint where there is a finding of violation of the sexual misconduct policy, the sanctioning, in addition to standard sanctioning principles, will be guided by the following goals to:
 - Ensure that the sexual misconduct is brought to an end;
 - Make reasonable efforts to prevent the reoccurrence of the sexual misconduct in the future;
 - Restore the victim, as much as possible, to his or her pre-deprivation status and undo the effects of sexual misconduct upon him or her. Changes to academic and/or residential living situations may be made.

Special Procedural Provisions for Sexual Misconduct Sanction Hearings

- **Right to a Closed Hearing.** In sensitive issues, all hearings will be closed to the public, and only those who have a legitimate reason to be present will be permitted to be present.
- **Advisor/Advocate.** All parties to sexual misconduct complaints have the right to an advisor/advocate from the community present during the sanctioning hearing. Any advisors from outside the community must be pre-approved by the Conduct Administrator or designee. The accuser and the accused [we should use consistent terms] are entitled to the same opportunity to have other persons present during a sanctioning hearing.
- **Right to be Present for Entire Proceeding.** Each party has the right to be present during the sanctioning hearing.
- **Nondisclosure Agreements.** The University will not require a party to abide by a nondisclosure agreement, in writing or otherwise, that would prevent the redisclosure of information related to the outcome of the proceeding.

Possible Sanctions and Protective Measures

Any accused found responsible for violating the policy on Sexual Misconduct may receive a sanction ranging from a verbal warning, probation, and suspension to expulsion/termination, depending on the severity of the incident, and taking into account any previous documented conduct issues. If the accused individual is an employee, sanctions will be determined by Human Resources in consultation with the Title IX/SaVE Coordinator.

- In order to protect the victim, at any time during the investigation, the University may recommend interim protections or remedies. These protections include, but are not limited to, separating the parties, placing limitations on contact between the parties, or making alternative working, academic or student housing arrangements. Efforts will be made to minimize the burden on the victim. Failure to comply with these interim protections may be considered a separate violation of this Policy.

Information regarding Sex Offenders

Iowa law requires sex offenders who reside, are employed, or attend school in Iowa to register with the county sheriff. The person must register within five business days of changing a residence, employment, or attendance as a student. (See Iowa Code § 692A.104)

The Campus Sex Crimes Prevention Act requires institutions to inform members of the campus community of the means by which they can obtain information about registered sex offenders who may be present on campus. The campus community may find law enforcement agency information provided by the state of Iowa concerning registered sex offenders at www.iowasexoffender.com. Illinois registry information is available at <http://www.isp.state.il.us/sor/>. Questions regarding local sex offender registry can be directed to the Clinton County Sheriff's Office at 563.242.9211.

Under Iowa law, persons required to register as sex offenders are those who have been convicted of a sex offense listed in Iowa Code section 692A.102, as well as individuals who are required to register as a sex offender in another jurisdiction under the other jurisdiction's sex offender registry.

Under Illinois law, persons required to register as Sex Offenders are persons who have been charged of an offense listed in Illinois Compiled Statutes 730 ILCS 150/2(B) when such charge results in one of the following:

- A conviction for the commission of the offense or attempt to commit the offense,
- A finding of not guilty by reason of insanity of committing the offense or attempting to commit the offense, or
- A finding not resulting in an acquittal at a hearing for the alleged commission or attempted commission of the offense.

Additional Sexual Abuse/Assault Information

The following additional information is provided to assist individuals in dealing with issues of sexual abuse sexual violence, intimate partner violence and sexual assault.

Sexual violence refers to sexual activity where consent is not obtained or freely given. Anyone can experience sexual violence, but most victims are female. The person responsible for the violence is typically male and is usually someone known to the victim. The person can be, but is not limited to, a friend, coworker, neighbor, or family member.

There are many types of sexual violence. Not all include physical contact between the victim and the perpetrator. For example; sexual harassment, threats, and peeping are sexual violence violations.

For more information on sexual assault, contact the Iowa Coalition Against Sexual Assault, <http://www.iowacasa.org/>, or call the Iowa Sexual Abuse Hotline at 800.284.7821.

Tips to Reduce Risk of Sexual Assault and Misconduct

Men and women should be aware of the subsequent information to help protect themselves against acquaintance rape and stranger rape sexual violence, intimate partner violence, and sexual assault on campus.

The following are some tips to reduce the risk of being a victim:

- Avoid isolated settings. When you begin dating a new person, go to public places or go with other people.
- Clearly express your expectations and limits to your date.
- Be suspicious if drugs or alcohol are being forced on you. These can be used to decrease your defenses and reactions. They can also impair your judgment.
- Carry enough money to take a cab home if you have to get away. Carry change in case you need to use a pay phone.
- Tell someone the name of your date and where you are going before your date.
- Pay attention to warning signs such as being very demanding, talking in degrading ways about you or women in general, being irrationally suspicious or jealous, or touching you when you've said "no."
- Make an assertive refusal — hurting his or her feelings or your own embarrassment are less important than your own safety.
- Do not let your date intimidate you. If you feel uncomfortable, trust your instincts and get away from him or her.
- Trust your feelings. Gut instincts are often a sign of potential danger.
- Stay around other people.
- Avoid accepting rides from new acquaintances.
- Don't drink beverages you don't open yourself.
- Go to parties with friends that you trust. Make arrangements to watch out for each other and meet up periodically to make sure that you are all okay.

To protect yourself against sexual assault:

- Know your sexual intentions and limits. You have the right to say “No” to any unwanted sexual contact. If you are uncertain about what you want, ask the other person to respect your feelings.
- Communicate your limits firmly and directly. If you say “No,” say it like you mean it. Don’t give mixed signals. Back up your words with a firm tone of voice and clear body language.
- Remember that some people still think that drinking heavily, dressing provocatively, or going to a person’s room automatically indicates a willingness to have sex. Be especially careful to communicate your limits and intentions clearly in such situations.
- Listen to your gut feelings. If you feel uncomfortable or think you may be at risk, leave the situation immediately and go to a safe place.
- Don’t be afraid to make waves if you feel threatened. If you feel you are being pressured or coerced into sexual activity against your will, don’t hesitate to state your feelings and get out of the situation; better a few minutes of social awkwardness or embarrassment than the trauma of sexual assault.
- Be alert to your surroundings and other people. Stay in populated, well-lit areas.
- Don’t walk alone at night. If you must walk alone, advise a friend of your route and estimate time of arrival/return. If you feel in danger, walk, jog, or run toward people of traffic. Draw attention to yourself by yelling, screaming, etc. If you are being followed, go to a house with lights on or to the middle of the street. Make a scene.
- If a driver stops you near the street or in a parking lot, avoid getting near the car. Do not get into the car.
- Have direct eye contact with strangers approaching you. Respond immediately and assertively to questions or statements they make. These behaviors may prevent you from being identified as an easy victim. On campuses, avoid short-cuts through empty buildings, vacant lots, or areas that are poorly lit or hidden by shrubs and trees.

Prevention efforts can reduce the risk of sexual assault, but sexual assault is an action decided on by the perpetrators. If you are sexually assaulted, seek help at once. We recommend that you have a free and confidential rape examination at a local hospital to ensure your health and to preserve evidence if charges are filed later. Most Iowa hospitals will make specialized sexual assault counselors available to you. They can help you sort out your options after the immediate trauma recedes.

If you are a victim of sexual assault, we urge you to take two actions:

- Seek counseling and support to help you recover from what is a traumatic experience.
- Tell school officials or law enforcement officers what happened.

If you are attacked:

- Try to stay calm so you will be able to gather information and make decisions.
- Evaluate the situation for possible ways to escape. If one method doesn’t work, look for another escape opportunity.

- Draw attention to yourself if there are other people around - scream, swear, yell “fire” or “help,” etc.
- Resist as long as it is safe to do so. If resistance is too dangerous, stop resisting.
- Claim to be sick, pregnant, have a venereal disease, or to have AIDS.
- Act hysterical, insane or mentally incapacitated.
- If you are assaulted, do not shower, change clothes, or douche until you make a decision about reporting to the police or going to the hospital. You may request a male or female officer. While you will be encouraged to talk to the police, you have the right to obtain medical assistance and not talk to the police.

Fire and Emergency Response and Evacuation Policies and Procedures

Emergency Evacuation Procedures and SendWordNow Emergency Notification System

General Information about the emergency response and evacuation procedures for Ashford University are publicized each year in the annual updates of the Ashford University Academic Catalog as a part of the University’s Clery Act compliance efforts. The Ashford University Academic Catalog may be accessed on the university website at <http://www.ashford.edu/catalog/>.

Detailed information about the University’s emergency response and evacuation procedures can be found in the campus Emergency Reference Guide on the Ashford University website at [Ashford Emergency Reference Guide](#)

In a confirmed emergency, Ashford University will utilize the SendWordNow System to immediately inform members of the Ashford University community who have registered for the system about emergency situations through mechanisms in addition to the regular college email, telephones, or building alarms. The SendWordNow system can transmit short notifications by email to any outside email address or by text message to a cell phone. The messages are initiated by a member of the University’s Campus Crisis Response Team only when required for safety purposes. Students are automatically registered for the SendWordNow System and information regarding opting out is available in the Student Affairs Office.

The Campus Crisis Response Team will be responsible for confirming if an emergency or dangerous situation exists and determining the level of emergency on campus and when to utilize the SendWordNow System. The Campus Crisis Response team will develop the content of the communication and determine the appropriate segment or segments of the campus community to receive a notification and will initialize the SendWordNow System. If necessary, notification to the larger community including media via written press release or telephone call. The Campus Crisis Response Team is composed of the Campus Director/VP, the Dean of Campus Student Affairs and Support Services and Admissions,

the Campus Communications Manager, the Campus Facilities Director, the Campus Director of Security & Safety, Campus Director of Information Technology, and the Campus Registrar.

Non-Fire Evacuations and Drills**Evacuating a Building (Non-Fire)**

When the evacuation alarm (fire alarm) is sounded, pre-determined monitors will report to their assigned areas and assist people in finding the exits or a designated place of safety. They will see that all occupants evacuate the building and/or areas of danger and facilitate the movement of those individuals requiring assistance.

Residence Hall evacuation plans are maintained by the Office of Residence Life. Emergency evacuations are coordinated through the Residence Life Staff and the Campus Public Safety Office. Evacuation procedures are general in nature, but provide a basic plan of action for all emergencies. Procedures are in place for each floor and building for egress routes. Responsibilities of Residence Life Staff, the Campus Public Safety Office, Maintenance, and Information Desk Staff response are predefined.

Academic Area building evacuation – Follow the evacuation plan posted on the respective floor of each building.

Faculty should announce where the plans are posted on the floor at the beginning of each semester to each class. When the alarm sounds, faculty and staff in the building should direct students to appropriate exits.

Students and/or office personnel should be directed and report to an Emergency Assembly Area. The Emergency Assembly Area is located in the parking lot across the street from Durham Hall. The faculty member/staff supervisor should go to that location to verify that everyone for whom they are responsible exited the building and safely arrived at that location.

Persons with disabilities or requiring assistance with evacuation should be consulted when considering options for safe and timely evacuation. Generally, stair landings and stairwells are checked first by the fire department and are the safest option for evacuation. Elevators should never be used to move persons with disabilities in emergency situations. Notify the police or fire department when a person with a disability or other person requiring

assistance is waiting on a stairwell or stair landing during evacuation. As individuals evacuate any building, they should move out of the way of fire/safety responders and report to an Emergency Assembly Area.

Tornado Awareness

Tornado awareness and response training was conducted the week of March 25-29, 2014 to make students, faculty, and staff aware of campus tornado shelter locations and to identify the types of audible alarms based on the tornado threat level.

Conducting Tornado Drills

Upon activation of city wide audible alarm, faculty, staff and students are notified to immediately take shelter in pre-designated areas of the University. The Campus Public Safety Office will monitor weather and immediately advise when the situation is safe to leave the shelter. Upon the notification of the end of the drill, each area is checked for injured students, faculty, staff and patrons. Upon completion, a sweep of all facilities will be conducted to check for damage.

On Wednesday, April 27, 2013 at 10:30 AM an unannounced Tornado Drill was conducted all campus facilities in conjunction with the Clinton County Emergency Management Office and Iowa Area Manager of the National Weather Service. Drill was terminated at 10:50AM

Post Drill

All violations will be documented and a debriefing of the drill if needed will take place with the Campus Public Safety Office, Facilities Operations, and the staff members on site. Timed evacuations will be noted and responsibilities reviewed.

Fire Safety Report

Fire Safety Awareness Program and Staff Training

At the beginning of each academic year, the Clinton Fire Marshall visits Ashford University to discuss fire safety with resident students, including fire prevention measures and evacuation procedures. Fire safety and severe weather evacuation procedures are reviewed at the annual Residence Hall meeting in August. Resident Assistants review the information with their floor residents again at their individual floor meetings.

Fire safety education is conducted for faculty each fall during the faculty workshop, which offers the opportunity for questions and for clarification of procedures. Faculty and staff are charged to view the web-based PowerPoint presentation.

The Director of Campus Security & Safety will prepare annual reports to the Ashford University President and the Dean of Campus Student Affairs and Support Services detailing any recommendations for improvement in fire safety.

Testing Emergency Response and Evacuation Procedures

Unannounced drills are conducted by the Director of Security in each campus residence hall twice a year. Drills are also conducted for the entire campus twice a year (in the fall and in the spring). The drills are conducted to let residents, staff, and faculty practice safe evacuation procedures.

For each test, the Director of Campus Security & Safety will document a description of the exercise, the date, the time, and whether the test was announced or unannounced.

Conducting Fire Drills

The fire alarm is activated to begin the evacuation; once evacuation is complete the building is checked by staff to ensure that everyone has evacuated the building. Upon the arrival of the Fire Department, firefighters assume control of the building. Once the all clear is given, the Campus Director of Security & Safety will issue a message giving the all clear. Timed evacuations will be noted and responsibilities reviewed.

During 2013, two unannounced fire drills were conducted in addition to a tornado drill. The team determined that the time in which the evacuations took place was satisfactory. Everyone evacuated as required and a review of actions with staff was completed.

On March 28, 2013 3:15 PM an unannounced fire drill was conducted at all University residential and non-residential facilities. Drill was terminated at 3:45 PM

A second unannounced fire drill was conducted on October 10, 2013 at 1:00 PM in all University residential and non-residential facilities. Drill was terminated at 1:25 pm.

Post Drill

All violations will be documented and a debriefing of the drill will take place with Campus Public Safety, Facilities Operations and Staff members on site. Timed evacuations will be noted and responsibilities reviewed.

Fire Alarms

Fire alarm boxes are located on every floor and are tested on an annual basis. Fire alarm boxes are directly connected to the Clinton County Law Enforcement Center. A fire can be reported by pulling the lever on any of these boxes. If a fire is suspected, a student, faculty, or staff member should immediately sound the building alarm and leave by the nearest exit. Then, call the Campus Public Safety Office at 563.242.2752 and provide them with as much information as possible.

Regis Residence Hall

Smoke Detectors

Every room and common area in Regis Hall has photo-electric smoke and heat detectors that are connected to a heat-activated alarm system.

The BW is equipped with Honeywell SK-5208 Alarm Control Communication. This heat-activated system monitors the public and common areas.

False Alarms

Turning on a false alarm is both dangerous and illegal. A significant fine is also assessed for misuses of fire extinguishers, and/or activating alarms on emergency exit doors.

Notification of Fire

As indicated above, in the event of a fire, evacuate if possible, and pull the fire alarm. Ensure that the Campus Director of Security & Safety and the Dean of Campus Student Affairs and Support Services are immediately notified of any fires. The Campus Director of Security & Safety will document all fire-related incidences in the fire log within two business days of the report of the incident to the local fire department.

Items Allowed and Not Allowed in the Residence Facilities

For a comprehensive list of the items that are not allowed in the resident rooms, please see page 21 in the Residence Hall guidebook, visit www.ashford.edu/campus/whattobring.php, or call the Office of Residence Life at 563.242.4023, ext. 7794. The University complies with the Iowa Smoke-free Air Act. Smoking is prohibited on the University campus and the BW Residence Hall.

Items specific to fire safety that are prohibited are:

- Hot plates/Toasters/Ovens
- Heating elements of any kind, including sunlamps and halogen lamps
- Candles/Incense/Candle Warmers
- Extension cords (power strips with breaker switches/surge protectors, built-in are acceptable for use with computer and stereo equipment)
- Deep fat-frying machines (submerging food in oil to cook is prohibited)

Evacuating a Building during a Fire

When an alarm sounds, keep low to the floor if there is smoke in the room.

Feel the door or doorknob before opening any doors. If either is hot, do not open the door. If no heat is felt, open the door slightly to check for heat or heavy smoke. If heat or heavy smoke is present outside the room, close the door and stay in the room until help arrives.

If you are unable to leave the room, seal up the cracks around the door using wet clothing, sheets, etc. Hang an object out the window, such as a jacket, shirt, sheet, etc. to attract attention. If a phone is available, call Campus Security at 563.242. 2752 and inform them of your location.

If you are able to leave the room, go to the nearest exit or stairway. Never use the elevator! If the exit is blocked, try another exit. Close all doors behind you as you go. If you cannot find a clear exit, go to a higher floor and signal for help by waving or shouting out a window.

If you try to escape through a smoke-filled room or corridor, move quickly in a crouched position. Cover your head and body with something that can be easily discarded should it catch on fire (preferably wet) and breathe through a wet cloth, taking short breaths through your nose.

After evacuating the building, stand clear; emergency equipment will need to maneuver around the buildings. Stay away from main entrances.

Follow all directions given by fire and police personnel, Campus Security staff, or Residence Life staff.

Even if an alarm has been turned off, you should not return to the building until authorized to do so by a Fire Department official. Never re-enter a burning building.

Ashford University has prepared an extensive guide relating to emergency evacuation procedures. Please refer to the website to download the guide at [Ashford Emergency Reference Guide](#) and the synopsis aforementioned relating to building evacuations

The Emergency Reference Guide contains information on campus emergency contacts, procedures for medical emergencies, bomb threats, violent crime, fire, evacuations, and weather emergencies.

Fire Log

The University maintains a fire log documenting any fire that occurs in an on-campus student housing facility. The log includes the nature, date, time, and general location of the fire. The log is available to the public during normal business hours. Any portion of the log older than 60 days shall be made available within two business days of a request for public inspection.

Missing Student Notification

In accordance with the Higher Education Opportunity Act, Ashford University has developed a missing student notification policy for students who reside in on-campus housing. Each student who resides in on-campus housing has the option to identify and register a confidential contact with the Office of Student Affairs. Only staff of the Office of Student Affairs and local law enforcement will have access to the confidential contact information and only for the purpose of a missing student investigation. This confidential contact will be notified by the Office of Student Affairs not later than 24 hours after the time that the student is determined missing in accordance with the notification procedures set forth subsequently.

Contact Information for the Office of Student Affairs to Register a Confidential Contact

Associate Director of Campus Student Affairs	563.242.4023 x7789, 7382 or 563.321.1880, Room F2130

If the missing student is under 18 years of age and is not an emancipated individual, then the University must notify a custodial parent or guardian, in addition to any confidential contact, not later than 24 hours after the time that the student is determined missing in accordance with the notification procedures subsequently set forth.

The University Campus Security Office will notify the local law enforcement agency not later than 24 hours after the time the student is determined missing and the confidential contact information will be made available to local law enforcement at that time.

Notification Procedures

It is the obligation of the entire University community to immediately report a student who has been missing for 24 hours to the Office of Student Affairs.

Any official missing person report relating to such student must be referred immediately to the Campus Security Office. If, upon investigation of the official report, the Campus Security Office determines that the missing student has been missing for more than 24 hours, the Office will contact the individual's confidential contact registered with the Office of Student Affairs, and, if the student is under the age of 18, the student's custodial parent or guardian via telephone within 24 hours.

Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, the Office of Campus Security will inform the local law enforcement agency within 24 hours of a student determined to be missing.
